

ABOUT US

EPL Solutions, Inc. began in 2007 as a small-scale manufacturing business and repair shop. Specializing in diagnostic tools, the company earned a reputable name as a durable equipment manufacturer.

After 5 years of growth mainly through word-of-mouth, EPL Solutions, Inc. moved into a larger facility and expanded its services to offer the best equipment support to contractors.

MISSION

As a team focused on providing solutions for contractors, we help improve businesses by supplying the best tools on the market, providing top-notch repairs and training on professional equipment application.

VALUES

There is no question when it comes to fair treatment and great value. We believe in treating our customers the way we want to be treated. Our hope and goal is to secure a lasting relationship built on mutual trust and respect.
