

Download the Gvision® epl.txt File

Compatible with Gvision® S/3000, V3 and V5

The epl.txt file must be provided to receive the Gvision® Direct-Connect Firmware (2022). Purchase the firmware update online at epls-usa.com, or call us at 714-453-9760.

- 1** Plug a high-grade flash drive into the Gvision® USB port. Wait for the REC/STOP LED to turn solid green.
- 2** Disconnect the flash drive from the Gvision® and plug it into a computer.
- 3** Open the flash drive on your computer HD and locate the epl.txt file in the flash drive's main directory.
- 4** Email the epl.txt file to sales@epls-usa.com along with your contact information and order number.

Feel free to contact our support team with any questions (714) 453-9760. Thank you for your business!
